P. D. KLINE RESIGNS AS MANAGER OF THE O. L. & I.

LeRoy R. Eccles, vice-president of the Ogden, Logan and Idaho railroad, stated today, in reply to an inquiry, that General Manager Peter D. Kline has resigned his position.

Asked concerning the statement, Mr. Kline said he had the offer of two positions, but would say nothing concerning his prospective resignation until after the return next Sunday of President M. S. Browning, who will attend the directors' meeting Monday morning.

Mr. Kline knew nothing, he said, concerning his probable successor. Today he was giving the new public utilities law a careful examination, especially the section prohibiting the giving of free transportation except to certain specific classes. These are, said Mr. Kline, persons and property of the United States, state, county, or municipal government; or for charitable or patriotic purposes; or private relief in epidemics and pestilences; or other calamitous visitations; property to and from fairs and exhibitions for exhibit thereat, and railroad contractors and employees.

Mr. Kline said he was preparing to send out notices calling in all passes which may not be issued under the new law. He wasn't sure as to certain exceptions, such as policemen in uniform, etc.

Preachers and clergymen engaged exclusively in church work may retain their passes under the new law, though Mr. Kline did not say so. Newspapermen and the Tom-Dick-and-Harrys who cannot qualify under the utilities law, must immediately surrender their free-ride privilege, because the law already is in effect.

RED CROSS BOARD MEETING HELD AT WEBER CLUB WILL NOT ALTER U-BOAT WARFARE

WASHINGTON, March 15.—Information which former Ambassador Gerard has laid before the state department refutes various statements that Germany might be contemplating altering her campaign of ruthlessness to avoid war with the United States.

From evidence Mr. Gerard has brought and that gathered from other sources, President Wilson and state department officials expect Germany is fully determined to continue submarine warfare in violation of international law in face of the fact that such a policy probably will lead to war with the United States.

President Wilson will continue with his plan for putting the United States in a state of armed neutrality and this state will continue until Germany forces an armed clash with an American merchantman or until Germany abandons ruthless submarine warfare. Mr. Gerard called at the state department today and amplified his report of yesterday. The former ambassador probably will remain here until late tonight or tomorrow and see President Wilson before his departure for New York to attend a public reception.

AT ORPHEUM SOON

Joseph Goss of the Orpheum theatre informs us that Gaskell and MacVitty's new play, "The Other Man's Wife," is to be the offering at his playhouse on next Sunday night, March 18. It is said that the play has caused quite a furore as it deals with an old, old question in a novel and pleasing manner. The double standard of morals has received much comment both in the press and literature and drama, but it's said the manner in which Mr. Lambert has handled his subject is very clever indeed. Gaskell and MacVitty have mounted the play in a very sumptuous manner.—Advertisement.

LOST LITTLE GIRL IS RESTORED TO HER MOTHER

Straying from home in search of the good groceryman who had given her some candy on a previous occasion, a tiny blue-eyed girl was found wandering about unchaperoned in the heart of the business district shortly before noon today. She was taken into Wright's department store by a kind-hearted passerby and from there to the police station by Officer Herrick.

She appeared entirely unafraid of the officer and also of his colleagues and others at the station and agreeably "uh-hu'd" to every question that was asked about her identity and that of her parents. Her outer dress, a fur coat and stocking cap, kept the questioners guessing as to her sex and they found their guesses wrong when, removing the cap, Officer Herrick revealed a heavy head of light hair curled in unmistakable "girl" fashion, and when the coat was removed there was no further doubt. The little tot willingly accompanied her temporary guardian to the apartments of the mother of the prisoner, Mrs. Barlow Wilson, who took charge of her until her mother arrived on the scene. The mother, whose name the police did not learn, accepted the actions of the officers as a matter of course, so the officers say the blame for her running away must be laid at the door of the grocer who first gave her candy.

RED CROSS BOARD MEETING HELD AT WEBER CLUB WILL NOT ALTER U-BOAT WARFARE

The regular meeting of the board of directors of the American Red Cross was held today in the Weber club at the noon hour.

The following committee was appointed to have full charge of the classes of instruction to be given in the new rooms in the First National bank building, the directors of the bank having given the use of the rooms free of charge.

O. J. Stilwell, chairman.
Physicians—Mrs. Joyce, Ezra Rich, Condon, Dickson, Morrell, Kanzer and Harding.
Graduate nurses—Mrs. G. W. Perkins, Mrs. Ashton, Mrs. Thompson Corn, Mrs. Woodbury, Mrs. Jarvis, Miss Hubenthal, Miss Self, and Miss Saintsbury.

Non-graduate members—Mrs. F. J. Stevens, Mrs. R. T. Evans, Mrs. Jos. MacFarlane, Mrs. Daisy Kuhn Whitlock, Mrs. Clarence Wright, Misses Ruth Wattis, Pamela Spargo, Oertel Rich, McKay, Maginnis, Ferli Hess, Messrs. J. Orson Douglas, Sylvester Scott.

These have signified their willingness to supervise the work of the training class and thus the standing of the work and the interest in it is assured. It was decided to proceed at once with the furnishing of the room for this work.

A sale of red carnations will be given Saturday, the proceeds to go to this work.

ASSISTANT TO THE CHIEF CLERK OF R. M. SERVICE

Archie C. Imus, postal terminal expert, has been permanently transferred from San Francisco to Ogden, to serve as assistant to William J. Carr, chief clerk of the railway mail service. Mr. Carr's office staff is thus increased to five persons.

Sixty-five postal clerks, representing, it is said, nearly as many families, will be transferred to Ogden immediately, as follows: Thirty-five to serve on the Southern Pacific line; ten on the San Pedro, Los Angeles and Salt Lake, and twenty on the Union Pacific. Only two of the number already were residing here.

These changes are regarded as of great advantage to Ogden in many obvious respects.

Deaths and Funerals

KAMMEYER—Mrs. Alida Boutman Kammeier, widow of Henry M. Kammeier, died yesterday afternoon from the effects of a recent stroke of paralysis. She was born in Amsterdam, Holland, January 2, 1840, and came to Utah in 1889 as a Mormon convert. The family located in Ogden and the decedent had lived here ever since. She is survived by the following children: John M., Paul and Ernest Kammeier of Ogden and Mrs. Rose Jenkins of Burch Creek. Twenty-five grandchildren and six great-grandchildren also survive. The body was removed to the Lindquist mortuary and the funeral announcements will be made later.

THIRTY DAYS AND FINE FOR PASTOR

NEW YORK, March 15.—The maximum sentence of thirty days in jail and a fine of \$100 was given today to Bouck White, pastor of the Church of Social Revolution, who was convicted of desecrating the American flag by burning it in a "melting pot" in the yard of the edifice. August Henkel and Edward Ames, convicted with him, were sent to jail each for thirty days.

The jury had recommended clemency for White.

WHAT LOSS OF BAGDAD MEANS

Tremendous Religious and Moral Significance to Mohammedans of Turkey.

LOSE SACRED SHRINERS

Tombs of Great Caliphs Now in Hands of the "Infidels."

BOSTON, March 15.—"The capture of Bagdad by the English has tremendous religious and moral significance to the Mohammedans of Turkey," says Dr. James L. Barton, foreign secretary of the board of commissioners for foreign missions.

"The Turks have lost their sacred shrines, Mecca and Medina, to the Arabs and now the seat of the Caliphate for 500 years and the tombs of their great Caliphs are in the hands of the 'infidels,'" the statement reads.

Never Dreamed of Loss.

"The Turks have never dreamed that dissolution of the empire could commence at that end. They have regarded Bagdad and the Holy cities as

the last Turkish strongholds, to which they of the west could flee when Constantinople and their western possessions passed from their hands.

"There is evidence that this will mark the beginning of a withdrawal of Turkish forces from the northern line of defense. Private advices show that preparations to that end were in contemplation six weeks ago. It is impossible to rush supplies and reinforcements to the Bagdad region as the single line of railroad from Constantinople lacks yet some 150 miles from reaching Bagdad and could easily be cut in the vicinity of Mesrine and Alexandretta. The Turkish forces operating in the northeast against the Russians are from 100 to 200 miles beyond the rail head at Angora.

"The American committee for Armenian and Syrian relief is already arranging to send a relief commission to Bagdad from eastern Arabia."

MEN COMMENDED FOR MERITORIOUS ACTS

WASHINGTON, March 15.—Lieut. H. S. Halslip, three petty officers and seven seamen, formerly attached to the wrecked cruiser Milwaukee, have been commended by Secretary Daniels for meritorious action in attempting to save the cruiser from destruction after she grounded in Humboldt bay on the California coast.

CZAR MUST BOW TO NEW POWER

Duma, Backed by the Army, Is Now in Control of Russia.

PETROGRAD, via London, Mar. 15.—The revolutionary casualties probably did not exceed 500. It is reported that M. Protopoff, minister of the interior, has been killed. Emperor Nicholas has been warned that the fate of his dynasty depended on acquiescence. The royal palace was besieged by revolutionary troops. The emperor is at the front.

LONDON, March 15, 7:05 p. m.—After receiving word of the revolution Emperor Nicholas returned to the palace where he arrived yesterday.

WASHINGTON, March 15.—The upheaval in Petrograd is generally viewed here also as a victory for the anti-German forces in Russia. Late brief reports to the state department from Petrograd indicate that the evolution was practically bloodless and that perfect order now prevails in the city.
